Seaspray

**Palate**  
Lime  
Pineapple  
Yellow Grapefruit

**Food Pairing**  
Fresh Seafood  
Thai Food  
Caprese Salad

**Other**  
Fined using milk products

#### TASTING NOTES

**Fresh, Alluring, and Moreish.** The Provenance Vermentino is an Italian summer all wrapped up in a bottle – picture sea breeze, warm sun and salty air.

With notes of pineapple and citrus, refreshing acidity and a long fresh finish, this wine is sure to delight. The perfect partner with all seafood or just on its own with good friends!

#### VITICULTURE

Originally from Italy's Liguria region, Vermentino (ver-men-TEE-no), is most often linked to the island of Sardinia.

For our 2022 Provenance Vermentino, we have sourced grapes from premium South Australian Riverland Vineyards. Ancient red soils that run along the Murray are largely composed of clay, sand, and limestone particles. This dry and warm climate is perfectly suited to the cultivation of Mediterranean varietals like Vermentino.

#### WINEMAKING

Provenance implies a place of origin, or as we see it, the beginning of a new existence. This concept perfectly embodies the essence of this exceptional collection. Each hand-crafted, single-varietal bottle is an expression of the unparalleled quality of the vineyards where these wines began life, and the remarkable craftsmanship of our winemakers at every step of production from grape to glass.

Our 2021 Provenance Vermentino was fermented on fine solids in stainless steel tanks. Adding to the palate weight, a gentle amount of lees contact provides an extra layer of texture,
