

2021 FORTIFIED TOURIGA

ORIGIN

Touriga (Touriga Nacional) is most widely planted in Douro and Dão regions of Portugal. The grapes for our 2021 Fortified Touriga have been sourced from premium South Australian vineyards in the Riverland region.

TASTING NOTES

Exotic, luxurious, and complex, embark on a sensory journey with our Fortified Touriga: a luscious elixir boasting richness and viscosity. Enticing aromas of cooked black plums, burnt toffee, and Christmas cake set the stage for an opulent experience.

On the palate, cherries and plums mingle with rich blackberries and light liquorice. Medium-bodied and bursting with fruitiness, this fortified marvel is testament to the uniqueness of the Touriga grape. Indulge in a symphony of flavours, where each sip reveals a tapestry of richness and sophistication. This extraordinary fortified Touriga is destined to mature gracefully with age.
